*The bells are ringing for me and my gal.  
 The birds are singing for me and my gal.  
 Everybody's been knowing to a wedding they're going.  
 And for weeks they've been sewing, every Susie and Sal.  
 They're congregating for me and my gal.*

*The parson's waiting for me and my gal.  
 And sometime I'm goin' to build a little home for two, for three or four or more, in Loveland, for me and my gal!*

### WELCOME SONG

Song by Wally Williams (Former Club Member)

Welcome to Sugar House Rotary,  
 We're mighty glad you are here  
 We'd like to sing you a long song  
 But a wrong song might appear  
 So sit you down and make some friends today . . . Right Here!

### **BRIAN McINERNEY**

**HYDROLOGIST**  
**National Weather Service**

Brian McInerney is the Senior Hydrologist with the National Weather Service Forecast Office in SLC, UT. He has held this position in some capacity for over 27 years. He has a Masters Degree in Forest Hydrology from the University of Montana, and an undergraduate degree from St. Mary's University in Winona, MN. Brian's duties with the National Weather Service include overseeing the water supply, climate, climate change, flood, and flash flood programs for most of Utah. He has been providing climate change information and hydrologic forecasts since the early 90's, and has seen Utah's hydrology regime slowly evolve due to the warming climate. He is frequently asked to speak at conferences throughout the state on the subject of climate change and its effect on Utah's snowpack and overall water supply.
