I've been working on the railroad  
All the live long day  
I've been working on the railroad  
Just to pass the time away  
Can't you hear the whistle blowing  
Rise up so early in the morn  
Can't you hear the whistle blowing  
Dinah, blow your horn!  
Dinah won't you blow  
Dinah won't you blow Dinah, won't  
you blow your horn  
Dinah, won't you blow  
Dinah, won't you blow  
Dinah, won't you blow your  
horn!!!!

Welcome to Sugar House Rotary,  
We're mighty glad you are here  
We'd like to sing you a long song

So sit you down and make some  
friends today...Right Here!

Rotary International, 2017-18

*In 2017-18, we will answer the question "What is Rotary?" with the theme **Rotary: Making a Difference**. However each of us chooses to serve, we do it because we know our service makes a difference in the lives of others. Whether we are building a new playground or a new school, improving medical care or sanitation, training conflict mediators or midwives, we know that the work we do will change people's lives--in ways large and small--for the better. Whatever motivation each of us had for joining Rotary that causes us to remain, the satisfaction of knowing that week by week, year by year, we are part of **Rotary: Making a Difference**.*

**GREG COOPER**

**COLD CASE FOUNDATION**

### Greg Cooper, Executive Director

Founder, Greg Cooper has spent the last 40 years as an FBI Profiler, Law Enforcement Administrator, Police Training/Instructor/University/College Professor and an International and Domestic Threat Assessment Advisor.

### Dean Jackson, Deputy Executive Director

Dean L. Jackson has more than 30 years of experience working in both the non-profit world and Law Enforcement. He has an extensive list of credentials and thousands of hours of experience in Critical Incident Stress Management and Death Notification.

The objective of the Cold Case Foundation is to support law enforcement agencies in their efforts to successfully close the following types of cold case:

Homicides, Missing Persons, Unidentified Bodies and Rape/Sexual Assaults (with serial characteristic). They are dedicated to stopping the deadly compounding effect of cold cases as a means of providing **hope and resources to families**

(<http://coldcasefoundation.org/victimsupport.html>) affected by violent crime. The Cold Case Foundation is devoted to raising public awareness and creating partnerships to assist and provide law enforcement whatever resources are needed to bring about closure.

A disturbing study of FBI records found that since 1995 the national average of solved homicides in the US is only about 64%-- leaving 36% of murders unsolved annually. This mound of unsolved Cold Case murders has a compounding financial and workload effect on police departments and the respective personnel assigned to work them. And the primary key to solving them is the conditional factor that they must be WORKED. It is not for lack of interest that cases turn cold and are sometimes seemingly forgotten; they are never forgotten by the victims, their families or by the investigators who have worked them!
