# Teacher Appreciation

Tom King  
Rotary Club of  
Sugar House

Our meeting today will feature recognition to teachers who are to receive special recognition this year. In the pandemic year, things have been different and this is our opportunity to highlight those who have made a special impact this year. Tom King and his committee will present the school Principals who in turn have selected the recipients of this year’s award and stipend.

## Feed the Pantry

Reporting on a fantastic response to the Highland High Family Support Center “Feed the Pantry” drive last week. This was the second time that the club was able to gather during the pandemic.

Originally scheduled to be held in Sugar House Park, there was little cooperation from Mother Nature. Snowing over a foot at Therese Milad’s house, prompted her and Steve Knudson to seek a more conducive and safe indoor location. With some cajoling, Salt Lake City agreed to allow us the use of our normal meeting room. The club secretary may have stretched the Four Way Test slightly when he told the manager that he expected about 12 people to attend and socially distance.

An exact head count wasn’t taken but it was a little north of 30 attendees. President Dale was away on an educational travel adventure and turned the reins

over to David Baranowski to welcome the members of the club and many of their partners.

We actually were able to

see Tonia Caduff, Monica Fleckenstein and Jeff Driggs in the flesh. Needless to say, they are as interesting and enjoyable in person as they have been on the Zoom meeting call.

David Baranowski, had to leave for Dallas and was unable to attend the transport to the pantry. From all accounts this was a huge success.

Jim Beck made a \$500 matching challenge for donations and it was met with \$1,100 additional dollars for this great event.

Following this page are representative photographs for you to enjoy.

## HIGHLAND FOUNDATION MISSION

The Highland Foundation is dedicated to improving the education and social opportunities offered to students at Highland High School. As you know, the neighborhoods where our students come from are very diverse, and many students are being left behind. We believe that every student should be able to participate in a class, club, or sport regardless of income level or background.
