‘I Have a Little Dreidel’

I have a little dreidel
I made it out of clay
And when it's dry and ready
Then, dreidel I shall play.

Oh, dreidel, dreidel, dreidel
I made it out of clay
And when it's dry and ready
Then, dreidel I will play.

It has a lovely body
With legs so short and thin
And when it gets all tired
It drops and I will win.

Oh, dreidel, dreidel, dreidel
I made it out of clay
And when it's dry and ready
Then, dreidel I will play.

My dreidel is so playful
It loves to dance and spin
A happy game of dreidel
Come play now, let's begin.

Oh, dreidel, dreidel, dreidel
I made it out of clay
And when it's dry and ready
Then, dreidel I will play.

History of the Dreidel

Dreidel is a traditional religious game played with a spinning top and is most closely associated with Hanukkah. But the dreidel is more than just a fun game; during the period of the Jewish people's oppression, it is said that allowed them to defy the ruling class and practice their religion in secret

WELCOME SONG

Song by Wally Williams (Former Club Member)

***Welcome to Sugar House Rotary,
We're mighty glad you are here
We'd like to sing you a long song
But a wrong song might appear
So sit you down and make some friends today.. right...here!***

THE BIRTHDAY SONG

Fellow Rotarians, we're glad you're here,
For we understand your birthday dates are near;

So if it's past, today, tomorrow,
Here's a phrase we'll gladly borrow:
Happy birthday to you!

BIRTHDAYS

Get to Know David Baranowski

David Baranowski was born at the old LDS Hospital in Salt Lake City and raised on the nice side of 1900 East in Salt Lake City. He attended Dilworth Elementary, Clayton Junior High and Highland High School. He graduated in 1977.

David served an LDS mission to Norway. He had no idea where it was at the time. No thanks to social studies at Highland High. He spent most of his two years in the North. He arrived in Tromsø on the first day of

mørke tid, which translates as “dark time”. The sun set November 1st and was down for a very long time.

Returning to Salt Lake he was offered scholarships to three schools and decided to accept the first one that sent the money. That landed him at BYU. He married while there. He finished a five-year engineering program in 3 years, four months. He did take off one summer to find a job. Once again, he had three offers and accepted the first one to come through with the money. He has been employed at Van Boerum & Frank Associates ever since, almost 41 years.

He started at the bottom of the totem pole and has worked his way up to be the senior member of firm at this time. He was offered a partnership in the firm in 1991.

Shortly after this promotion, he was invited by Wayne Ursenbach to come to a meeting of Rotarians where they honored

the Salt Lake County Sheriffs at a luncheon. He suggested it would be a good idea to come to some other meetings too. Wayne didn't know, but David had been hoping to be asked to join for a long time. David's grandfather in Rexburg joined Rotary in 1910 and several of his uncles were members too.

David served as president of the Sugar House Rotary 2005-

6. An auspicious year and the Club received accolades as the District Club of the Year. David missed the presentation since he also worked in Canada the entire year. Fortunately, he never missed a regular meeting except for District Conference where the award was given without prior warning.

David has also served for many years as a Scout Master, Troop Committee Chairman and on Council Camp Improvement Committees. He completed Wood Badge course in 1994 and was awarded the Silver Beaver Award in 2002.

David met Roxana Cox in 2009 and they have been together ever since.

David has six children three married, one with a future husband, one step-son with wife; and 15 grandchildren with one on the way in December/January.

SERVE TO CHANGE LIVES

Holiday Party

The holiday party reception and dinner will be held in the Emma Eccles Jones Conservatory on the Westminster campus, Building 18 on the far right of the attached map. Rotarians should park in the North Parking Structure, indicated with a B in a blue circle, in the upper right corner of the map. Enter the garage directly from 1700 South (at approximately 1250 East). If you park on that level, go into the doors that are to your left as soon as you pull into the garage. Once inside, go up one level by way of the elevator or the

Rotary

broad staircase at the end of that hallway. At the top of the stairs you'll be able to see the party in the Richer Alcove/Tanner Atrium.

If the weather is good or parking on that level is full, you may prefer to drive up the ramp to the roof level of the parking garage. At this level, you can just go through the doors at the NE corner of the parking area, and proceed straight down the hallway to where the party is being held in the Richer Alcove/Tanner Atrium.
