

WRITING ERASING READING

Dear Rotary Club (Members),

I love the part where we get to see the big words in the dictionary.

My favorite word is supercalifragilisticexpialidocious. And I like to know about the states and countries. Thank you very much! I can't believe the longest word in the world has 1,909 letters! It even has math facts you can use it for cheating on a math test!!!

Sincerely,

Viv

P.S. You can also cheat on spelling tests.

Dear Rotary Club,

Thank you for everything you have done. Fungus is a strange word I don't know. It means a plant that lacks chlorophyll, leaves, and a flower. My favorite part of the dictionary is The planets. because it teaches me something new and cool.

Sincerely mark

Dear Mr Brown and the Rotary Club,  
Thank you for the dictionary. I will use it  
for my whole life. I hope you will be really  
good. And be safe. And you will be okay.

Dear Rotary Clubs

Thank you for the dictionary. It

made me very smart. My

favorite word is "meal worm."

Mealworm is something that

you can eat and my favorite

part is the times tabbles because

it is fun and good to know.

Sincerely,

Dear Mr. Brown and the Rotary Club,  
Thank you for the dictionary. I will probably use it in 4<sup>th</sup>, 5<sup>th</sup>, and maybe in 6<sup>th</sup> grade. I looked up a couple words already! Once when I was writing a story, I looked up fake and used the definition as the word fake.

Sincerely,  
Gracie Adams
